# MEMBER CIRCLE...

Hiromi Paper International's "Member Circle" began as a way to foster communication between conservators, bookmakers, designers, all users of Washi and HPI-so that the best quality materials and information could be made available. We keep in touch with our members through our quarterly newsletter, "The World of Washi" and regular e-mail updates.

Members are entitled to a discount of 15% on all regular retail prices of our stock paper and conservation supplies from Japan. Membership discount does not apply to stationery items or sale items or book-making supplies.

There is a one-time-only membership fee of \$25.00. If you would like to become a member please fully complete the form below and return it to us. New members will be issued a membership card to be used whenever placing an order or corresponding with us.
